

For the Bassist

Grooving FOR Heaven

A Live Clinic with **Norm Stockton**

Sponsored by Kahului Union Church

Norm Stockton is a bassist, composer, educator and clinician (MTD Basses, Gallien-Krueger, Maranatha! Music) and travels extensively throughout North America and Europe. He also serves as the bass columnist for *Christian Musician* magazine. As a bass educator, Norm has served as adjunct faculty at Concordia University, Hope International University and Biola University. He is known internationally for his acclaimed *Grooving for Heaven* video series.

His *Grooving* Clinics are a mixture of technique, approach/concept, gear talk, tips and further elaboration on topics found in the *Grooving for Heaven* videos (in particular, the drum/bass relationship in an ensemble is examined in detail). Norm also demonstrates and explains a number of more advanced techniques as he performs tunes from his solo debut *Pondering the Sushi*.

Visit normstockton.com for more information on Norm.
